CLIMATE CONTROL

FES Systems: Industrial screw compressor packages, shell & tube heat exchangers, reciprocating compressors, heat pumps, control systems and custom packages for the food & beverage and petro-chemical industry.

www.gea.com

Refrigeration valves, regulators and controls for Commercial and Industrial Refrigeration Systems.

www.hantech.com

Evaporative condensers, fluid coolers, critical process units, cooling towers, aluminum, galvanized and stainless-steel evaporators.

www.evapco.com

The Evapcold product includes several state-of-the-art innovations in heat transfer technology, energy efficiency and microprocessor control for reliable low charge operation.

<https://www.evapco.com/products/evapcold>

Heat Exchangers: Semi Welded heat exchangers, gasketed heat exchangers, brazed plate ammonia and freon based heat exchangers, falling film chillers.

www.GEA-PHE.com

A full line of high-efficiency ductless solutions that can fit your needs without compromising the integrity of the space comfort.

<http://www.carrier.com/residential/en/us/>

ASME pressure vessels, pump packages, intercoolers, surge drums and transfer systems for the industrial refrigeration industry.

www.rvscorp.com

A complete line of semi-hermetic and open drive reciprocating compressors as well as semi-hermetic and open drive screw compressors.
